

Jaejoon Choi

M.S. Student, Department of Industrial and Management System Engineering, Kyung Hee University

✉ cjj1222@khu.ac.kr

🌐 <https://jaejunchoe.github.io/>

RESEARCH INTERESTS

Data Mining, Defect & Anomaly Detection

EDUCATION

Kyung Hee University (KHU), College of Engineering

Advisor: Prof. Younghoon Kim

M.S., Department of Industrial and Management Systems Engineering, Intelligent Energy Convergence

Yongin, Republic of Korea

Mar.2025 - Present

Kumoh National Institute of Technology (KIT), College of Engineering

Covergence Major, Major of Smart Factory

Gumi, Republic of Korea

Mar.2023 - Feb.2025

Kumoh National Institute of Technology (KIT), College of Engineering

Advisor: Prof. Sanghyun Choo

B.S., Department of Industrial Engineering

Gumi, Republic of Korea

Mar.2019 - Feb.2025

RESEARCH EXPREIENCES

AIMS(Artificial Intelligence & Management Sciencee) Laboratory

Graduate Student

Yongin, Republic of Korea

Mar.2025 - Present

- Research on Emotion Analysis using Unimodal and Multimodal Learning, Semiconductor Defect Classification using AI.
- Assisted projects and reviewed papers & books.

HAIDS(Human-centered artificial intelligence and Data Science) Laboratory

Undergraduate Student

Gumi, Republic of Korea

Mar.2024 - Feb.2025

- Research on Emotion Analysis using Unimodal and Multimodal Learning, Semiconductor Defect Classification using AI.
- Analyzed datasets and reviewed papers.

Kumoh National Institute of Technology Industry-academic Cooperation Foundation

Undergraduate Student

Gumi, Republic of Korea

Apr.2023 - Feb.2024

- Research on Semiconductor Defect Classification using AI, Thermal Management Systems and Materials for Lithium-ion Batteries.
- Assisted Prof. Youngsil Lee and reviewed papers.

PUBLICATION

JOURNAL ARTICLE

Designing a Data-Driven Energy Management Service: A Case Study of South Korea's National Industrial Complex

Salakhov T.⁺, Choi, J.⁺, & Kim, M.* (2025). *IEEE Access*.

⁺ = Both authors contributed equally to this work. / ^{*} = Corresponding author

PRESENTATION

POSTER

감정 인식 평점 재조정을 통한 추천 시스템 성능 향상

Jang, J., Choi, J., and Choo, S.*

2025 Spring Conference of KIIS

추천 시스템 향상을 위한 감정-평점 분석 기반 최적 데이터 선별

Kim, S., Choi, J., and Choo, S.*

2025 Spring Conference of KIIS

PROJECT EXPERIENCES

Development of binders and nonwoven additives for various applications such as mats, carpets, and wallpapers using nonwovens	<i>Bokwang Industry Co</i>
Kumoh National Institute of Technology Industry-academic Cooperation Foundation's Project (Advisor: Youngsil Lee)	<i>Sep.2024 - Oct.2024</i>
Developing stealth projectiles for interoperability with airborne manned and unmanned teaming systems	<i>DAPA</i>
MET Lab's Project	<i>May.2024 - Oct.2024</i>
Prediction of Mixed Defect Types in Semiconductors Using Vision Transformer and Similarity-Based Method	<i>KIT</i>
Individual Project	<i>Mar.2024 - May.2024</i>
<ul style="list-style-type: none">Individual Project conducted in a Capstone Design Lecture under the supervision of Prof. Young-Sil Lee at Kumoh National Institute of Technology.Two models based on Vision Transformers and KNN algorithms were designed, using Euclidean and Gaussian distance calculation methods for comparative analysis.	
EG(Eco Gumi)-Service: Integrated Platform for Energy Efficiency and Sustainable Energy Use	<i>KEPCO</i>
Team Member	<i>Sep.2023 - Dec.2023</i>
<ul style="list-style-type: none">Developed a service idea for the 2023 Gumi Industrial Complex Energy Self-Sufficiency Datathon.Utilizing various algorithmic models such as Linear Regression, LSTM, and Ensemble Methods (Voting, Stacking, etc.) to derive R-squared and MAE.Proposing features for visualizing energy usage and policy notification services, and creating a Service Blueprint and user behavior simulation map to refine the service ideas.	
A Policy Idea For University Development	<i>KIT</i>
Team Member	<i>Sep.2023 - Oct.2023</i>
<ul style="list-style-type: none">In-Campus Contest conducted in the Policy Idea Contest for University Development at Kumoh National Institute of TechnologyProposed Establishment a "School of Liberal Studies" for undergraduate students to strengthen their convergence capabilities and expand opportunities for major exploration.Proposed the establishment of an interdisciplinary studies department, a course evaluation feedback system, and alumni visit programs to enhance competitiveness, innovative education, and university brand.	
Proposed elder care centers in Seoul and identified optimal locations using AI.	<i>Seoul City, Republic of Korea</i>
Team Member	<i>Aug.2023 - Sep.2023</i>
<ul style="list-style-type: none">Proposal for 'Elderly Care Centers' (ECC) and Selection of Optimal Locations Based on Data for the 2023 Seoul Artificial Intelligence Idea ChallengeBy utilizing data on population and the number of welfare facilities in each region, we conducted clustering to select areas that need to be converted into ECC based on the proportional and inversely proportional relationships of the compared data.Clustering was performed using DBSCAN, and the hyperparameters were derived through GridSearch.	

AWARDS & HONORS

AWARDS

2023	Grand Prize , Gumi Industrial Complex Energy Self-Sufficiency Datathon (Service Sector)	<i>KEPCO</i>
2023	Excellence Prize , A Policy Idea Contest For University Development, Kumoh National Institute of Technology	<i>KIT</i>

HONORS

2024	Internal Scholarship (K-WEGO) , High mileage earners for KIT Talent Certification among those who met the activity criteria.	<i>KIT</i>
2024	Semester High Honors , Awarded to students of the Smart Factory Convergence major with high achievements throughout the semester.	<i>KIT</i>
2024	Semester High Honors , Awarded to students of the Smart Factory Convergence major with high achievements throughout the semester.	<i>KIT</i>
2024	Internal Scholarship (K-WEGO) , High mileage earners for KIT Talent Certification among those who met the activity criteria.	<i>KIT</i>
2023	Internal Scholarship (K-WEGO) , High mileage earners for KIT Talent Certification among those who met the activity criteria.	<i>KIT</i>
2023	Internal Scholarship (K-WEGO) , High mileage earners for KIT Talent Certification among those who met the activity criteria.	<i>KIT</i>

Skills

Language	Python
Libraries	Skicit-learn, PyTorch, Keras, Tensorflow, Pandas, NumPy, Matplotlib
Miscellaneous	Git, LaTeX

DESIGN PATENT

- Cho, S., CHUNG, M., JEON, M., CHOE, J., JEONG, Y., CHOI, J., "쇼핑카트", Korean Intellectual Property Office, KR-Registration No. 3012568290000, April, 2024

LICENSE AND CERTIFICATE

- 2024.07 6 Sigma Green & Black Belt
- 2024.06 ADsP (Advanced Data Analytics Semi-Professional)
- 2024.02 AI-900 Microsoft Azure AI Fundamentals
- 2023.08 TRIZ Level 1,2
